

Tech Sheet: Embraer Phenom 300 (EMB-505)

(embraer-PH3.pdf)

Phenom 100 "Bikini" type Engine Cover & Cockpit HeatShields (illustration)

COCKPIT COVERS HELP REDUCE DAMAGE TO YOUR AIRPLANE'S UPHOLSTERY AND AVIONICS caused by excessive heat, and they can eliminate problems caused by leaking door and window seals. They keep the windshield and window surfaces clean and help prevent vandalism and theft.

The Embraer Phenom 300, EMB 505 Cockpit Cover attaches with belly straps in the front and rear of the cover. The straps at the front corners attach to the nose gear post to help keep the cover from sliding sideways. Attachment buckles are made of non-metal Delrin.
